The answer to these questions should be "Yes!"

How many clients visit your spa or salon only once? For most of us, the answer is "too many". From the first communication with the client whether by phone, digitally or walk-in, until when the client leaves your spa or salon after a great treatment, your client journey needs to be managed. The spa and salon team must work together to support each other in the goal of delivering a wonderful treatment experience, and ultimately winning repeat business.

The Evolution-U Spa Academy "Running a Top Performing Spa and Salon Team" training answers these and many more questions needed to drive spa or salon revenues, build a stable clientele and spa and salon team, and achieve the end goal of profitable business longevity.
